KOLIBRI is not the name of just another sailboat. The KOLIBRI is the extraordinary sailboat that you have been waiting for — an all fiberglass, double hull, unsinkable, light weight, economically priced sailboat — fun for the whole family.

The most modern mass production techniques make it possible to offer this magnificent sailboat at an unbelievably low sail-away price, with no sacrifice in quality. Only the highest quality materials are used in making the KOLIBRI.

All Crown sailboats carry a one year guarantee against any defect in materials and workmanship. Available now for delivery and immediate use.
